UBCI Parent Night

All month of May - It was a great pleasure having the parents on this special night. More parents than expected came to learn about our summer academy, summer field trips and where their students stand on the A-G requirements. It was a great amount of information that both parents and students, were handed, but they took valuable information back home.

Additional Events:

THE ORIGINAL CINCO DE MAYO

Students alongside their parents, came to a special night full of Latin@ history, food and entertainment. The families had the chance to hear Dr. Hayes-Bautista, from UCLA, speak about the true story of Cinco de Mayo and answer questions our students had

UBCI COMMUNITY DAY

Our students took initiative and went out to help out at a local community resource fair. They talked to the community members about housing, health, education, and careers in energy. They were able to gain information on what the people needed more help in. The students were thankful for this experience and the opportunity to give back to their community.

RIO MESA HIGH SCHOOL FUNDRAISER

In the beginning of June, the students had an opportunity to join friends at a local high school and fundraiser to give back to the community. Several of our students learned the process of fundraising, starting with organizing, decision making, and communication.
